he can bring with him. All are expected, none excused.

TO TEACHERS

Of course, every teacher will be present with his or her school. This is going to be a school fair and teachers will attend things of their profession. Teachers are requested to insist on their entire school attending this fair.

TO BUSINESS AND PROFESSIONAL
PEOPLE

All business and professional people throughout the county cordially invited and expected to be present. Things pertaining to Home, School and Farm are things to be shown.

TO THE PEOPLE OF THE COUNTY
AS A WHOLE

Rockcastle County is our county, we make it what we will. What shall we do and where shall we go on Saturday, October 16th. Since Rockcastle County is our county and our interests are in the county, let's concentrate our interest Saturday, October 16th, at Mt. Vernon and be there in person our county spirit as it has never been shown before. 5000 people are expected to be in Mt. Vernon with Community and County spirit bubbling and running over. Are you going to miss it? No! You'll be there with all that makes a county in its truest sense.

ROBERT F. SPENCE,

General Superintendent of Fair and County Agent.

Albright, he has made a successful Editor and made many friends who I am sure regret to see him retire as Editor of this county paper and I want to say this to all who read this missive I mean all whom I made acquaintance with, while in your county that I often think of you and now meet we all got along, both in business and in church and in Sunday School. Mrs. Crider and I both join in sending you our sincere wishes for all that is good and great.

I want to tell you just a little about this little town of Evarts, Ky., where we live. This town is only one year old and has about 500 population. It is surrounded by large mountains which are very beautiful. We have people here from Pennsylvania, Conn., West Va., St. Louis, Louisville, Ohio, Indiana, Virginia, Tenn., and some from Europe and lots from Rockcastle county, and practically from every state.

All seem to enjoy these high mountains and deep valleys. I don't think there is any danger of freezing this winter as this place is surrounded by large coal operations. There are only three Ford cars here in Evarts. I guess if you should be in Jupiter you would see Ford car there.

As a citizen of Rockcastle Co. for several years, I must say I never met with better people anywhere than those I got acquainted with while a citizen of your county, the good morals, the good churches and schools you have throughout the county are something I am proud of. There is a difference in the spirit of the churches here and down in Rockcastle, not the interest that should be. There has just closed a 10 days union revival here with not one addition. I note in the Signal the spirit of good roads is kindling up. I hope this interest will not die down until there are road roads throughout the county.

I note also, you have a new Editor for the Signal, since I left the county. I do not know how he will pull in the Editorial harness, but lets all give him encouragement, as you all know that Bro. Young has made good all his undertakings since he came to the county and has always been a booster and not a buster, of the entire county. So lets all send in our subscription to the Signal. Here comes mine \$2 for two years subscription to the Signal. With all due respect to your house, \$3. a load of about 25 bushel.

The coal miners are talking of coming out on a strike Nov. 1st, but I think they will decline the idea. Coal costs here, delivered to your house, \$3. a load of about 25 bushel.

As this letter is getting too long I will stop before the Editor gets worried. With best wishes to the Signal and its readers.

Respectfully yours,
A. G. CRIDER.

LIVINGSTON
NEWS

W. H. Carmichael of Mt. Vernon, was here between trains Monday.

J. P. E. Drummunds of Knoxville, is here this week.—There have been two men here from Lebanon Junction, for the past week selling shares in a store to be started in our town. They wanted \$5000.00 and that amount has been raised among the railroads and a few outsiders. There is one of the same kind in Louisville, one in Lebanon Junction and they have what they wanted here and one will start here in a few days. There will also be one in Corbin. The plan is for cheaper goods. We say if there is any relief lets have it at once.—Mr. and Mrs. Hubert Nicely have returned from a few days stay in Richmond, Ky., and Cincinnati.—Mr. and Mrs. Wm. Langford are visiting relatives in Mt. Vernon this week.—Mrs. W. Medlock has returned from Corbin after a few days visit to relatives.—Mr. and Mrs. Robert Warren who have been visiting relatives in Corbin after a few days stay there.

Mr. and Mrs. W. H. Oliver have returned from a two weeks visit with relatives in North Carolina. Fritz Krueger and Mrs. W. H. Krueger of Mt. Vernon, were in our town today, Tuesday.—We understand that steps are to be taken tonight, Tuesday, to have have appointed a Police Judge and a Board of Trustees as we have been going along for some time without either.—E. B. Owens was in Mt. Vernon, Monday. Mr. and Mrs. Andy Kincer received very painful injuries Friday when an auto turned over, near East Bernstadt. Mr. Kincer is able to stir around but Mrs. Kincer is badly cut and bruised up. Covering too much ground in too small a time is given as the cause.—R. Catlin who has been working in Lynch, Ky., was here Tuesday between trains, enroute home to Lebanon, Ky.—We wish to say to our good friend, W. H. Owens, of Willailla, just to keep on with his good road work and not many days hence your eteries will be heard. We, here at Livingston, thought we were the worst treated in the good road proposition of anybody and we just keep on talking and writing until we are going to get what is coming to us. If some of the folks that have good roads would take a trip to Level Green as we did in June and pass over the dug hill and live to tell your experience we know you would say, lets help them make a road. Again we say, just keep on and in the near future others will come to your rescue.—O. D. Bryant of Mt. Vernon, was here between trains Sunday.—Yes, we have had a fine rain and it was badly needed.—Mrs. Robert Mattingly of Paris, Ky., has been visiting Mrs. Geo. Smith of this place.—Rev. Baker of Paristown, Ky., filled his regular appointment at the Christian Church Saturday and Sunday.—Dr. Moore of Mt. Vernon, was here between trains Tuesday.—Mrs. Fred Mullens and Mrs. Vic Price were in Pittsburgh Sunday.—Mrs. L. M. Oliver who has been quite sick, went to Richmond Monday to consult the Gibson Drs.—James D. Martin of Bowling Green, has been visiting Mrs. M. E. Martin and his nephew C. M. Martin for the past few days.—J. E. Woodall the hustling salesman of London, was with our merchants Wednesday.—Miss Ruth Painter has returned from a few days visit with relatives at Lebanon Jet, and Stamford.—Mrs. Wm. Scott and Mrs. W. A. Owens of the Quail section, have returned home after a few days visit with their sisters, Mrs. Lee Reynolds, Mrs. J. H. Walton and Miss Ann Parsons.—Wm. Fisher of Lebanon Junction, who is interested in the new store, which will open its doors in a few days, here, is in our town.—D. B. Rambo went to Stanford Wednesday on business.—Mad Pike of the Caloway section, who has been sick for some time, was able to come to town today, Wednesday.

AUCTION

SALE

FARM

140 ACRES & IMPLEMENT

of J. A. HOPKINS

WEDNESDAY, OCTOBER 15, 1919

On the Premises at 11 o'clock A. M. Sharp

As Agents of

J. A. HOPKINS

we will sell for the High
Dollar, without reserve
or by bid his splendid
farm of 140 acres, which

will be subdivided and sold both in separate tracts
and as a whole, to suit purchaser or purchasers.

This property is located on the Boone Way,
3½ miles from Mt. Vernon and 2 miles from
Brodhead. The improvements consist of a 7-
room, 2-story dwelling, large hall and porch, a
new 30x60 barn and all necessary outbuildings.
This is one of the prettiest locations to be
found along Boone Way and one of the best farms

About 110 acres of this farm is in grass and
cultivation and machinery can be run over nearly
every acre of that 110 acres. The balance is in
woodland, having all timber necessary for the
farm and a growth of young timber, which if

not used will in a few years be worth a nice sum
of money.

The farm is well watered with a never failing
spring, a large branch near by for stock water,
and one of the best wells in the county right at
the kitchen door.

As to the character of the soil the prospective
purchaser only has to take a look at the
growing crop, which is just now being
harvested.

We particularly want to call attention and
invite the inspection of the corn and tobacco
raised on this farm by Mr. Hopkins this year.
Either will compare with that produced in any of
the Blue Grass counties and the quality of the
tobacco is pronounced superior to that found in
Central Kentucky.

The farming implements consists:

Plows—Drills—Cultivators—Mowing
Machines—Rake—Disc Harrow and
other farming implements..

TERMS OF SALE—10 per cent cash on
day of sale, 25 per cent when deed is delivered
and the balance in one, two or three years, to suit
purchaser bearing legal rate of interest.

More different people have had an eye on this
farm than any other one farm in the county and
the members of the Rockcastle Real Estate Co.,
feel very much elated over the fact that Mr. Hopkins
has given us the privilege of selling it. Its
location and general character make it a most
desirable place and the only reason why Mr.
Hopkins has consented to sell is because his years
and health are such that he cannot work it himself;
his boys have all grown to manhood and
gone out into the world to do for themselves and
outside labor is too high to hire. That is his
reason for selling and here is your opportunity to
get a home that will be a comfort and joy the
rest of your days. Nuf sed.

If you want a farm be on hands Wednesday,
October 15th, at the J. A. Hopkins farm, two
miles from Brodhead and three and a half miles
from Mt. Vernon.

Col. John B. Dinwiddie

one of the most celebrated Auctioneers in the State will be on
the block. It is worth a several miles ride just to hear him.
A survey of the Farm is now being made which will be open
for inspection on Day of Sale.

Camel

Cigarettes

They Win You On Quality!

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. **No matter how liberally you smoke Camels they will not tire your taste!**

SIGNAL NOT IN FAULT.

We are advised that the Signal did not reach some of the neighbouring towns north of us, until Tuesday morning. Last week's issue was the biggest paper that the office has ever put out, but it was put out on time, by working the office force unusually hard. We had to leave early night and get all mail bags out in time for train No. 21. To be sure that no mistakes were made, we got Mr. Albig to assist us. He helped until the last copy was at the depot. We regret this delayed delivery more than any reader can, and we want our readers to know that by working the whole force to the limit, we got the Signal out on time.

Livingston graded school, Brookfield graded school, Mt. Vernon graded school and Lexington Memorial School are to have exhibits in the school fair Saturday October 13.

The Mt. Vernon School will demonstrate some mass athletics at school fair.

Watch for the monthly paper published by the senior class of the high school.

NO MORE PRICE FIXING WANTED

Fixing the price that a commodity must sell for is a dangerous business and only justified in emergencies where it is of great importance to stimulate production, as with wheat during the war period. A fixed price satisfies no one. Farmers feel that wheat would have brought more if there had been no price fixed, and the consumer feels that fixing the price of wheat has made his bread cost more than it should. People are anxious—both producers and consumers—to get back to normal basis, where the law of supply and demand will govern prices. It is to be sincerely hoped that many years will pass before any more artificial price fixing is necessary in this country. - Inland Farmer.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Char. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifles with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paracetic, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. 30 years ago I put *Carey* ROOFING on that barn

That is why I put Carey Asphaltate Shingles on my new home today. Thirty years ago I knew nothing about Carey Roofing except that it had been manufactured since 1873. But the roof on that barn lasted.

A few years ago I put up a new stock barn near the railroad track. I put on Carey slate surface roofing because it was both sparkproof and good looking.

Judging how long Carey Asphaltate Shingles will last by how long my other Carey Roofs have lasted, I know that the roof of my new house will require no attention for many years to come.

Tell us the kind of building you have to cover, and we will give you samples and prices of the particular kind of Carey Roofing or Shingle which will best meet your needs.

Possibly the most important Red Cross work in Siberia, and one which most demands the continuance of operations there, is the campaign against typhus. Over a stretch of 4,000 miles the American Red Cross has fought the scourge. Here is seen "The Great White Train," an anti-typhus institution which, with its crew of doctors and nurses and cargoes of drugs, food and cleansing apparatus, has saved the lives of thousands.

DIDN'T WANT SUCH PAY

A Welshman sued a countryman for a sum of money owing him, but though the debtor repeatedly offered to work off the debt, this did not appeal at all to the creditor.

Finally, the judge asked the plaintiff why he was so unwilling to accept the debtor's offer to work off the debt.

"Well, you see, your Honor," was the reply, "the man is an undervoice." - Pittsburgh Chronicle-Telegraph.

A POST-WARTEM PROBLEM

Some Negroes were discussing the death of a small dog.

The cause of the disaster was clear enough to one of them.

"Dodo while eating eatin' too much, what a million," he explained.

One of the others heard his doubts.

"Huh," he grunted scathingly, "dar ain't no such thin as too much eatin'."

"Well, den," came the first.

"The first, 'dar wasn't eatin' too much, what a million,'" he explained.

One day, while meditating outside the city of Tientsin, Confucius noticed a woman weeping bitterly beside a fresh grave which she was fanning gormously. Touched by her evident grief, he said: "O sorrowful one, what is your trouble?"

"Your Honorable Excellency, my husband is dead."

"I am sorry for you, but you are to be pitied; but why are you fanning the grave?"

"Exhale one," replied the woman, and her voice was checked with sobs, "my husband made me promise not to marry until his grave was dry."

HIS WIFE WAS ALL RIGHT

There lived in Providence a very matter of fact man whose wife is, and always has been, a bit sentimental and fond of trying to draw from husband these little endearments he has ever failed to furnish.

"I suppose," said she, on one occasion, "if you should meet some pretty girl you would cease to care for me."

"What nonsense you talk!" said husband. "What do I care for youth or beauty? You suit me all right."

KNEW A THING OR TWO ABOUT SURGERY.

A certain blacksmith, observes Pearson's Weekly, although an expert at his trade, was quite ignorant of surgical methods. When he sprained his wrist one afternoon, he hurried to a doctor's office. The doctor examined the wrist, and then took a small tot from a shelf, but found it empty. "James," said he, turning to an assistant, "Go upstairs and bring me down a couple of those pills."

"What's that?" exclaimed the patient, suddenly showing signs of emotion. "I merely asked my assistant to bring me down a couple of pills from upstairs, answered the doctor. "Pills?" cried the blacksmith. "No, you don't! If that hand has got to come off, use an ax or a saw?"

YOU DON'T APOLOGIZE FOR HIS EXISTENCE

On Johnny's first day at school he was given a registration card on which his mother was to write his birth record. The following day he arrived tardy and without the registration slip.

"Johnny," said the teacher, "you must bring an excuse for being tardy, and don't forget the slip when you were born."

All out of breath next day Johnny rushed in, holding a note from his mother.

"Teacher," he gasped, "I brought the one about being tardy, but I forgot my excuse about being born." - St. Louis Post Dispatch.

To secure an Irishman who was inclined to "soak up," a party of fun-lovers dug a grave in a path through a graveyard over which Pat went home. Of course Pat fell in the grave, and one of the party, covered with a white sheet, looked down at Pat and said in gruff tones: "What are you doing in my grave?"

Pat immediately replied: "And what are you doing out of it?"

AT A BARGAIN

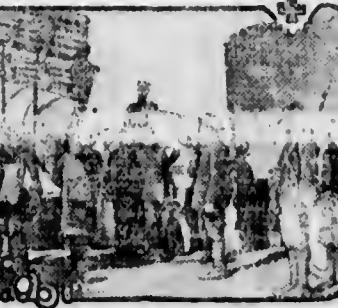

A good farm of 125 acres, 40 acres in timber, good 6 room cottage, fairly good barn, good cistern and outbuildings, good orchard, a four room tenant house, good coal mine, 1 barn; cars, blacksmith shop and all equipments for getting out coal; have a good coal bin at Pine Hill that holds 50 tons of coal. This is a good stock farm, 6000 to 90 acres under fence. The farm has grown up some and needs some repairs. Will sell this farm one-half cash, the balance on time.

I also have a good pair of aged mules, wagon and harness. I am using them on the farm. Will sell them at a bargain.

If you want to buy some good property in Mt. Vernon, see me before you buy. I am wanting to ride some with someone, so now is your time.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.
At Saloniki.

The veritable mountains of relief supplies turned out by the millions of chapter workers during the war made the American Red Cross one of the biggest "manufacturing concerns" in the world, with great warehouse space at scores of strategic points all around the globe.

"Johnny," said the teacher, "you must bring an excuse for being tardy, and don't forget the slip when you were born."

All out of breath next day Johnny rushed in, holding a note from his mother.

"Teacher," he gasped, "I brought the one about being tardy, but I forgot my excuse about being born." - St. Louis Post Dispatch.

Big Lot and Farm Sale

Wednesday, Oct. 15

AT 10 O'CLOCK

we will sell for Mrs. Evelyn K. Backer & others
900 ACRES of Wayne County LAND
 (KNOWN AS THE KENDRICK FARM)

Adjoining the growing town of Monticello

Monticello wants to "stretch out" over this farm, so we have opened up a new addition and will sell in this subdivision, with streets so laid off as to make it attractive, a number of Building Lots high and dry with fine building sites, well drained. Will also sell a number of "Cow Pastures" and "Baby Farms" in tracts the size to suit purchasers.

This farm fronts on 3 pikes—the Monticello-Burnside pike, the Columbia pike and the Norman Ferry pike. We will sell about 20 acres with main residence, but it is so divided that additional tracts may be attached so as to make a farm of 50 acres or 100 acres or 150 acres or 200 acres or more. Remember we always sell to suit the buyers.

2 sets of improvement: A new, modern 2 story, 8 room brick residence, 3 large halls, basement, pantry, closets, large porches, tastefully located with sloping lawn to pike with shade, trees. A desirable and attractive home. To see it is to want it. Natural cave equipped for dairy house, barn and other outbuildings. Poultry yard and large garden.

Taxes Going Up; Teachers Underpaid

Under Stanley Democratic rule, in the three years 1915-1918, the equalized value of all property increased from \$1,429,452,561. On Jan. 1, 1919, it increased the enormous sum of \$2,272,483,00. During the same period, the amount distributed by the state to the counties to pay the salaries of school teachers has only increased the pitiful sum of \$45,751,37.

Stanley O. K.'s Pay Cut

In 1918 a Democratic legislature passed a law and it was approved by Governor Stanley, March 18, 1918, cutting down the amount of money for school teachers' salaries from 26 cents to 18 cents, and many teachers were forced to quit their jobs altogether or to seek positions in other states.

The School Teachers' Merry-Go-Round
The records show that in 40 counties in Kentucky, the salaries of school teachers were more than 100% higher than in 1917 and 1918. This has forced hundreds of teachers to travel from one county to another seeking better pay to meet the high cost of living. In one county in Kentucky, out of 104 teachers last year, only 22 returned this year.

In another county only seven out of 48 returned. In another county only 5 out of 95 returned. In one of the largest and best counties of the state only one rural teacher has not changed location within the past five years.

Holding Up the Teachers' Pay
In the same month that Governor Stanley approved the law cutting down the teachers' salaries the state over the teachers for back pay, \$695,672.00. Three months later this amount had increased to \$1,429,452,561. On Jan. 1, 1919, the year the state still had the teachers' pay back & pay \$45,751,37.

In another month, the teachers' salary was paid in October. After three and a half months of teaching. The final payment was not made until August, 1919, eight months after the close of the session. Last year a law was passed to remedy this, but in that salaries are still running high. In addition to laying their salaries cut, the teachers also have their pay held up.

Cutting Down the School Year

Three months after Governor Stanley signed the bill cutting down the teachers' pay, the school year was cut from 7 months to 6 months. The children were deprived of a whole month's schooling. In 1918, the school year ending July 1, 1919, was kept at 6 months. Instead of being put back to 7 months, thus depriving the children of another month's schooling. Twelve months' schooling in two years in place of 14 months.

Gilbert's "Sore Toe" Book

Rupel, Gilbert's printing bill is costing the taxpayers three times what they paid under Governor Wilson (Republican). Among the books paid for by the taxpayers at a cost of \$1,000,000,000 is a book on "Sore Toe" compiled by the equally famous Dr. W. L. Hulse, whose "Physiology" was ridiculed by the leading Democratic newspapers of the state. This "Sore Toe" book tells little Johnnie how to wrap up a "puncture" in his foot, warns Little Jessie not to eat meat more than once a day, calls on dad to shave off his whiskers, advises mother to wash an egg before boiling it, and demands the killing of all dogs and cats.

Text Book Commission Farce

The Stanley Text Book Commission charged more for the books in the grades and would have ruined the parents of the children \$650,000 more for these books, but the whole adoption was thrown out by the Court of Appeals. Urged by leading Democrats all over the state to also throw out the Text Book Commission, Governor Black turned a deaf ear and by the time a new adoption was made the publishers were so delayed that many schools have been forced to get along with old books, and some of them won't get the new books at all for proper work this year.

STOVES

Reduce the High Cost of Living

A fuel shortage and higher prices are predicted for this winter. Why rebel at the

high cost of living and do nothing to lower it? Last winter there was a reason for not buying anything that you could possibly get along without but now there is no reason for not buying what you need and to keep or wasting fuel by using an old worn out stove will certainly not reduce the high cost of living.

For heating purposes our line of Cole's Hot Blast Heaters and Moore's Air-Light Heaters cannot be surpassed. They give as much heat as any stove and use 25 per cent less fuel. The government used thousands of these in France and in the home camps. Your boy was probably warmed by one while serving Uncle Sam.

For the kitchen, Majestic and Favorite Ranges stand in a class by themselves. If you are interested in buying a Range, it will pay you to see what we have to offer. Our furniture department will gladly tell you about our stoves, even though you do not wish to buy a stove now. We have the largest stock of stoves that can be found in Kentucky. One of the finest constructive activities of the American Red Cross in the war was Home Service to the United States, the friendly connecting link between the soldier far from home and his loved ones. This branch of the work which under the peace program of the Red Cross will be expanded to benefit all who need the assistance it can provide, is directed by scientifically trained social workers. Since instituted Home Service has assisted 800,000 soldiers' and sailors' families. This photograph shows one of the numerous Home Service Information bureaus where service men and their families could bring their problems for solution.

Hunger, disease and exposure were not all that Belgian children were subjected to, for enemy shells constantly dropped into what little of their country the invader did not hold. In this picture Red Cross nurses are seen taking some of the fifty babies from the American Red Cross nursery at La Panne into a bomb-proof structure as the Germans opened fire from the sea.

RED CROSS.**

Junior Red Cross.

Early in the participation of the United States in the world war, the American Red Cross perceived the value of mobilizing the school children of the country and the Junior Red Cross was organized. Before the war ended nine million children were enrolled and helped in the war fund and membership campaigns, in chapter production of relief supplies and manufacturing furniture for the refugees whose homes and household goods were destroyed.

Children everywhere in the United States responded to the call to service sounded by President Wilson as head of the American Red Cross. This photograph is that of an enthusiastic young Japanese member of the Junior Red Cross of Spokane, Wash., starting out on the ambitious undertaking of collecting "a mile of pennies" for war relief. A comprehensive peace program is now being worked out for the Junior Red Cross, which is being held intact.

FARM A farm of 300 acres on Dixie Highway 2 1/2 miles from Mt. Vernon.

FARM A farm of 3 1/2 acres within one mile of Mt. Vernon—priced low.

FARM A farm of one hundred acres, on Crab Orchard and Somerset road. This farm lays well and is priced to sell.

FARM A farm of 140 acres in Hiatt section—well improved and in good condition—one of the best farms in the Hiatt section.

FARMS Two farms, 3 1/2 miles from Brodhead. One of 200 acres & one 400 acres. If you want a farm at a bargain and possession in 30 days, let us show you these.

HOUSE A house, big garden, new barn, located on Richmond Street. This is a good investment at the price for which we can sell.

DWELLING A Main Street dwelling. This is one of the very best and most desirable pieces of property in Mt. Vernon and can be bought cheaper than the house alone could be built today.

FARM A farm of 128 acres with good coal mine. This property is near Pine Hill. The coal mine alone would pay for the whole farm in a little more than a year running as it is now.

STORE A store located 3 1/2 miles from Berea on Kentucky Central. There is a good dwelling house heated with natural gas, out buildings and a good sulphur well in the yard. All of this sells together. The stock of goods can be bought at invoice if purchaser wants same. The present owner has made enough out of this store to buy six hundred acres of fine land. His health has broken down and he is going to sell this business. We could sell 35 acres of bottom land with this property, should the purchaser want it. Let us show you this property. Some one will get a bargain.

BUILDING LOTS Eleven of the best building lots in Mt. Vernon—cheaper now than ever again.

FARM A thirty acre farm on Dixie River at Brodhead—all level.

We have other property for sale that is not listed here.
